

# Rising Hantavirus Concerns: Pure One Services CT Leads the Charge in Rodent Cleanup and Public Safety

*A serious disease spread from wild rodents to humans has captivated the world's attention: hantavirus. With no vaccine or cure. CT company responds.*

NIANTIC, CT, USA, August 5, 2024 /EINPresswire.com/ -- As the world grapples with various zoonotic diseases, the spotlight has turned to hantavirus, a serious illness spread from wild rodents, particularly mice and rats, to humans.

With no vaccine or cure available, the importance of professional [rodent cleanup](#) has never been more critical.

Mathew Fleisher, owner of Pure One Services, is at the forefront of this battle, offering expert rodent cleanup services across Connecticut, Massachusetts, and Rhode Island.

Which One Has The Virus?

“

Our mission is to protect our community by offering top-notch rodent cleanup services, we get the serious health risks associated with hantavirus and provide effective cleanup to prevent its spread.”

*Matthew Fleisher*

## Understanding the Threat

Rodents primarily spread hantaviruses and can lead to severe illnesses such as hantavirus pulmonary syndrome (HPS) and hemorrhagic fever with renal syndrome (HFRS)

1. People are at risk of contracting hantavirus through direct contact with rodent urine, droppings, and saliva
2. Given the recent attention on zoonotic diseases like bird flu, the potential danger of hantavirus cannot be overstated.

No Cure, No Vaccine

Currently, there is no specific treatment for [hantavirus infection](#). Patients require supportive care, including rest, hydration, and symptom management

3. This makes prevention and professional cleanup services essential in mitigating the risk of hantavirus transmission.

Matthew Fleisher: Your Local Expert

Mathew Fleisher and his team at [Pure One Services CT](#) are dedicated to providing comprehensive rodent cleanup solutions. With extensive experience in handling rodent infestations, hoarding situations, and disaster cleanups, Pure One Services CT ensures that homes and businesses are safe and free from the dangers posed by rodent-borne diseases.
