

USA Mutuals Advisors Announces Strategic Partnership with Maverick Fund Solutions

USA Mutuals Advisors, a leading investment advisory firm, announces a strategic partnership with Maverick Fund Solutions, a premier third-party wholesaler.

DALLAS, TX, USA, August 7, 2024 /EINPresswire.com/ -- USA Mutuals Advisors, a leading investment advisory firm known for innovative investment strategies, proudly announces a strategic partnership with Maverick Fund Solutions, a premier third-party wholesaler. This collaboration aims to enhance the sales efforts of the USA Mutuals All Seasons Fund and Vice Fund, targeting a broader audience and is designed for raising assets.

“Our partnership with Maverick Fund Solutions is pivotal in driving our growth objectives,” said Paul Strehle, President and Portfolio Manager of USA Mutuals. “Their seasoned approach to fund wholesaling will enable us to reach a wider network of financial advisors and institutional investors, aligning with our mission to deliver exceptional investment opportunities.”

Maverick Fund Solutions brings extensive experience in fund sales and marketing, having raised assets for top-tier asset managers. This partnership will utilize Maverick’s robust infrastructure to elevate USA Mutuals’ presence in the investment community.

“USA Mutuals’ innovative funds are a great fit for our strategy,” said Sam Stubbert, Co-CEO of Maverick Fund Solutions. “We are excited to collaborate and leverage our resources to drive new growth for the USA Mutuals Funds.”

This partnership underscores USA Mutuals’ commitment to meeting the goals of its investors in any economic cycle and achieving capital growth through strategic collaborations.

[ALL SEASONS FUND \(UNAVX\)](#) OBJECTIVE: The All Seasons Fund seeks capital appreciation and capital preservation with lower volatility throughout market cycles – highly correlated with the Standard & Poor’s (“S&P”) 500® Index in bull markets, and less or negatively correlated in bear markets.

[VICE FUND \(VICEX\)](#) OBJECTIVE: Under normal market conditions, the Fund invests at least 80% of its net assets (plus borrowings for investment purposes) in equity securities of companies that derive a significant portion of their revenues from a group of vice industries that includes the alcoholic beverages, defense/aerospace, gaming, and tobacco industries. The Fund concentrates at least 25% of its net assets in this group of four vice industries (but no more than 80% of its net assets in any single industry). “Vice industries” are those industries whose focus, in the Adviser’s assessment, may be morally questioned by members of the general public or face funding or regulatory challenges because of social disapproval. In addition, under normal market conditions, the Fund invests in at least three countries (one of which may be the United States) and invests at least 40% of its total assets at the time of purchase in non-U.S. companies.
