## Growth Driver Of The Coronary Artery Bypass Graft Market

The increasing geriatric population is expected to drive the growth of the coronary artery bypass graft market going forward. The geriatric population refers to the segment of a society composed of individuals who are elderly or of advanced age. Coronary artery bypass graft

(CABG) surgery is a major procedure to treat severe coronary artery disease (CAD) in the geriatric population. It involves bypassing blocked or narrowed arteries in the heart with healthy blood vessels from other parts of the body, restoring blood flow to the heart muscle and improving its function.
