DERMACARE BIOSCIENCES TO DISTRIBUTE ACON LABS NEW FLOWFLEX PLUS COVID-19 and FLU A/B HOME TEST PER AN FDA EUA

DELRAY BEACH, FL, UNITED STATES, August 27, 2024 /EINPresswire.com/ -- [Dermacare Biosciences](#), a South Florida based healthcare distribution company is pleased to announce that they will distribute the new [FLOWFLEX PLUS](#) COVID-19 and FLU A/B home test per an FDA EUA issued to ACON LABS in July 2024.

Dermacare Biosciences Managing Director Rich Butler said, "This test is authorized for the qualitative detection and differentiation of SARS-CoV-2, influenza A, and influenza B protein antigens. This test is authorized for non-prescription home use with self-collected anterior nasal swab specimens from individuals aged 14 years or older, or with adult-collected anterior nasal swab specimens from individuals two (2) years or older. This test is only authorized for individuals with signs and symptoms of respiratory infection consistent with COVID-19 within the first six (6) days of symptom onset when tested at least twice over three days with at least 48 hours between tests."

Butler points out, "This product has not been FDA cleared or approved, but has been authorized by FDA under an EUA; This product has been authorized only for the detection of proteins from SARS-CoV-2, influenza A and influenza B, not for any other viruses or pathogens; and, the emergency use of this product is only authorized for the duration of the declaration that circumstances exist justifying the authorization of emergency use of in vitro diagnostics for
