

# Global MS Polymers Market Overview And Statistics For 2024-2033

*The Business Research Company's MS Polymers Global Market Report 2024 – Market Size, Trends, And Market Forecast 2024-2033*

LONDON, GREATER LONDON, UK,  
August 7, 2024 /EINPresswire.com/ --

The MS polymers market has experienced robust growth in recent years, expanding from \$1.5 billion in 2023 to \$1.62 billion in 2024 at a compound annual growth rate (CAGR) of 8.0%. The growth in the historic period can be attributed to demand for sustainable adhesives, advancements in polymer chemistry, stringent environmental regulations, construction industry growth, flexible and durable bonding solutions.

## Strong Future Growth Anticipated

The MS polymers market is projected to continue its strong growth, reaching \$2.13 billion in 2028 at a compound annual growth rate (CAGR) of 7.0%. The growth in the forecast period can be attributed to consumer preference for low odor products, growth in renewable energy projects, focus on circular economy practices, increasing

adoption in healthcare, global efforts for climate change mitigation.

## Growth Driver Of The MS Polymers Market

Increasing adoption of green building standards is expected to propel the growth of the MS polymers market going forward. The green building standard is a model code that specifies minimum conditions for improving the environmental and health performance of buildings, sites, and other structures. MS polymers are commonly used in various construction applications, including roofing, flooring, window and door installation, and facade sealing, due to

their low VOC emissions, lack of isocyanides, and recyclability.

### Major Players And Market Trends

Key players in the MS polymers market include 3M Company, Arkema S.A., Evonik Industries AG, H.B. Fuller Company, Henkel AG & Co. KGaA, Kaneka Corporation, Momentive Inc.

Major companies operating in the MS polymer market are focused on developing innovative products, such as two-part MS polymer adhesives, to gain a competitive edge in the market. A two-part polymer adhesive is a type of glue that requires mixing two separate components before application.

### Segments:

- 1) By Type: SMP(Silyl Modified polyether), SPUR(Silyl Terminated Polyurethanes)
- 2) By Application: Adhesives, Sealant, Coatings
- 3) By End-Use Industry: Building, Construction, Automotive, Transportation, Industrial Assembly, Electronics

### Geographical Insights: Asia-Pacific Leading The Market

Asia-Pacific was the largest region in the MS polymer market in 2023 and is expected to be the fastest-growing region in the global MS polymer market during the forecast period. The regions covered in the MS polymers market report are Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East, Africa

### MS Polymers Market Definition

MS polymer also called modified silicone refers to a type of adhesive and sealant technology that uses a silyl-functionalized polymer as the main ingredient. These polymers have a unique molecular structure that allows them to crosslink with moisture in the air, creating a strong and durable bond with a variety of substrates.

[MS Polymers Global Market Report](#) 2024 from The Business Research Company covers the following information:

- Market size data for the forecast period: Historical and Future
- Market analysis by region: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.
- Market analysis by countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

Trends, opportunities, strategies and so much more.

The MS Polymers Global Market Report 2024 by The Business Research Company is the most comprehensive report that provides insights on [MS polymers market size](#), MS polymers market drivers and trends, MS polymers market major players, MS polymers competitors' revenues, MS

polymers market positioning, and MS polymers market growth across geographies. The MS polymers market report helps you gain in-depth insights into opportunities and strategies. Companies can leverage the data in the report and tap into segments with the highest growth potential.

About The Business Research Company

The Business Research Company has published over 15000+ reports in 27 industries, spanning 60+ geographies. The reports draw on 1,500,000 datasets, extensive secondary research, and exclusive insights from interviews with industry leaders.

Global Market Model – Market Intelligence Database

The Global Market Model, The Business Research Company's flagship product, is a market intelligence platform covering various macroeconomic indicators and metrics across 60 geographies and 27 industries. The Global Market Model covers multi-layered datasets that help its users assess supply-demand gaps.
