Have you ever had an employee unable to return to work until a mandated drug or alcohol screen is completed? Here is how our app is the answer:

Immediate Solutions and Operational Efficiency:

- Rapid Assignment and Completion: asapscreens App enables swift assignment of drug and alcohol screening to

a collector with GPS technology, minimizing downtime and ensuring that employees can return

to work swiftly. This reduces the financial and operational impact of having key employees sidelined.

- **Minimized Downtime:** With asapscreens App, employers can avoid lengthy delays associated with traditional drug screening processes, keeping their workforce productive and on the move.
- **Enhanced Compliance:** Employers can effortlessly track and manage employee drug screenings, ensuring compliance with industry regulations and company policies.

Sophisticated Tool for Public Safety and Security
asapscreens has a Patent Pending and is more than just an app; it is a sophisticated tool that plays a crucial role in maintaining public safety and security. This app can assist in preventing substance abuse in the workplace and support a drug-free environment.

asapscreens App is now available for download on Google Play and the Apple Store, making it accessible to Employers, DER's, Owner Operators, TPA's and Collectors nationwide.
