

Vaidam Health Hosting Infertility Medical Camp in Lusaka

A Step Towards Parenthood for Zambian Couples - Opportunity for Expert IVF Consultations in Lusaka on August 12th & 13th 2024

LUSAKA, ZAMBIA, August 8, 2024 /EINPresswire.com/ -- Attention, couples seeking help with conceiving or infertility! [Vaidam Health](#) is hosting a two-day medical camp on August 12th and 13th, 2024, at St. Johns Medical Centre, Woodlands, Lusaka. Take advantage of this unique opportunity to receive expert guidance from a top Indian IVF specialist.

Vaidam Health is a leading platform that helps patients connect with top doctors and hospitals around the world. As part of our ongoing efforts to bring advanced treatments to Zambia, we are excited to announce this medical camp.

At the camp, renowned IVF Specialist and Laparoscopic Surgeon, Dr. Neha Gupta, will provide consultations to couples struggling with infertility. Dr. Gupta's expertise covers many issues such as recurrent pregnancy loss, blocked fallopian tubes, In-Vitro Fertilisation (IVF), pelvic inflammatory disease, low ovarian reserve, uterine cysts, fibroids, endometriosis, unexplained infertility, and ovarian cysts. This camp offers hope for many families wanting to have children.

Mr. Pankaj Chandna, co-founder of Vaidam Health, said, "This medical camp will offer vital support to those needing help to grow their families. With this camp, we aim to provide important information and access to care, helping to address fertility issues in Zambia. This will be our fifth medical camp in Zambia since 2022, and we plan to hold ten camps each year to assist even more people with various treatments."

The graphic features the Vaidam.com logo (FOR MEDICAL PROCEDURES) and the St. Johns Medical Centre logo. It includes the text 'Consult Senior IVF Specialist from India in Zambia' and a circular portrait of Dr. Neha Gupta, an IVF Specialist. The date is listed as 12th & 13th August, 2024, and the venue is St. Johns Medical Centre, Woodlands, Lusaka. A list of conditions for consultation includes Recurrent Pregnancy Loss, Fallopian Tube Blockage, In-Vitro Fertilization, Pelvic Inflammatory Disease, Low Ovarian Reserve, Uterus Cysts, Fibroids, Endometriosis, Unexplained Infertility, and Ovarian Cyst.
