#### 2025 National Conference

Clinicians who join the new Evolution Plus streaming service and attend the Evolution of Psychotherapy conference will have a world-class educational and networking experience. The Evolution of Psychotherapy 40th anniversary national conference will be held December 15-18, 2025 at the Anaheim, California Convention Center. It is the official meeting of the Milton

H. Erickson Foundation, with an educational program led by the world's foremost psychotherapists and experts in the mental health field.

The first Evolution meeting was held in 1985 and it has since been hailed as "the Woodstock of psychotherapy," by TIME magazine, and "a golden opportunity for mental health professionals." The 2025 conference includes a full day pre-conference, leading innovators in the Exhibit Hall, an on-site bookstore, and opportunities to network with and learn from the icons of psychotherapy and mental health colleagues from around the world.

"Our 40th anniversary conference will be a triumphant milestone of the most anticipated and beloved event for psychotherapy education," said Dr. Jeff Zeig, Director of the Milton H. Erickson Foundation. "It will bring together the living legends in the field, plus breakout thinkers and on-the-ground professionals who will challenge you to become a more advanced clinician and reinvigorate your passion for the field. It is a once-in-a-lifetime event you will not want to miss."

Evolution of Psychotherapy is open to marriage and family therapists, clinical and counseling psychologists, psychiatric social workers, pastoral counselors, psychotherapists, psychiatrists, physicians, nurse practitioners, counselors, and graduate students in accredited programs in the listed fields.
