

City Wide Facility Solutions Expands Presence in Wisconsin with Second Location

City Wide Facility Solutions continues its growth trajectory with the announcement of its Madison location its second location in the state of Wisconsin.

MADISON, WISCONSIN, UNITED STATES, August 13, 2024

/EINPresswire.com/ -- [City Wide](#) Facility Solutions, the leading management company in the building maintenance industry, continues its growth trajectory with the announcement of its Madison location, its second location in Wisconsin.

Local building owners and property management companies throughout Madison and surrounding areas now have access to a single-source solution for all their facility management needs. Entrepreneurs Aaron Tubbs and Byrne Doyle Jr. have partnered to open City Wide Facility Solutions at 5325 Wall St. in Madison, Wisconsin.

"I joined City Wide because it offered my family and me the opportunity to grow a substantial small business within our local community. We provide essential business services in an industry craving a more personalized, white-glove experience, which we deliver every day," said Tubbs. "Combined with the exceptional company culture and unwavering support at City Wide, it felt like a place I could comfortably call home—a place where my team and I could grow both personally and professionally."

Tubbs joins City Wide Facility Solutions with more than 25 years of sales and sales management experience. Prior to coming to City Wide, he led sales and field operations for Wireless Vision. Tubbs also spent significant time leading retail businesses for Best Buy and Walmart.

City Wide Facility Solutions made a name for itself in major U.S. cities and Canada by streamlining facility solutions for more than 20 interior and exterior services for commercial facilities, including janitorial, disinfecting, and handyman services along with parking lot

maintenance. Taking the onus from building owners and property management businesses that typically choose separate companies for each task, City Wide eases the selection and management processes for its clients.

About City Wide Facility Solutions

Founded in 1961, City Wide Facility Solutions is the largest management company in the building maintenance industry, managing janitorial services, commercial cleaning, disinfecting, and more than 20 additional facility solutions for every client. City Wide simplifies the facility matters that mean most to building owners, operators, and management companies, easing the time, stress, and resources typically required to oversee an entire facility. City Wide is proud to do more than just manage facility solutions and services for commercial facilities - they pride themselves on being a partner that helps clients save time and solve problems. Their mission is to create a Ripple Effect by positively impacting the people and communities they serve.
