As a trusted provider of digital products and consulting services to organisations that seek to transform their ways of working, FiveP (<https://fivep.com.au/>) will provide Australian organisations with best-in-class support for AI governance and data management in partnership with Orchestry.

With a shared passion for client success through digital transformation, the partnership will enable FiveP to deliver wins in Microsoft 365 governance and provisioning to their clients on the Orchestry platform.

Michal Pisarek, CEO of Orchestry, shares "I'm very excited to announce FiveP as a partner! We knew the FiveP team would be a great fit for us when we learned of their commitment to help their customers transform the way they work with Microsoft 365 and leverage AI".

More than just a standard templating and governance tool for Microsoft Teams, Orchestry's comprehensive platform will enable FiveP to support clients with governance in SharePoint Online, Microsoft Planner, Microsoft Lists, Microsoft OneNote as well as other Microsoft 365 business applications through a single, unified interface.

"Effective information governance is crucial in ensuring organisations use AI effectively. Orchestry's platform is perfectly suited to this and together, we are committed to driving innovation and ensuring our clients get the most out of Microsoft 365 in this new age of information management." says FiveP CEO, David Dennis.

Janniek Starren, FiveP's Practice Manager of Modern Work, adds: "FiveP's partnership with Orchestry underscores our dedication to helping Australian organisations master information governance and leverage AI to its fullest. We're excited to see the value this partnership delivers for our clients."

In partnership, FiveP and Orchestry will help Australian organisations master effective information management in the age of AI, and maximise the potential of Microsoft 365.
