

AnHome Launches its Newest Multiport Dock: 8-in-1 USB C Hub

This 8-in-1 USB C hub plays multiple roles, such as USB C to HDMI, Type C to HDMI, USBC to HDMI adapter, HDMI to Type C adapter, and more.

LAS VEGAS, NEVADA, UNITED STATES, August 8, 2024 /EINPresswire.com/ -- AnHome is proud to unveil its latest game-changing product: the AnHome USB C Hub Ethernet HDMI 4K Adapter, 8-in-1 Multiport Dock. Available at an incredible price of \$16.99 on Amazon, this state-of-the-art hub is the perfect travel companion for laptop, tablet, and smartphone users. It offers unparalleled adaptability and simplicity and has garnered positive ratings and hundreds of reviews since its launch.

AnHome's 8-in-1 USB C Hub is designed to satisfy the needs of contemporary consumers who seek efficiency and flexibility in their digital lives in a world where connectivity is essential. Users can stay busy and connected wherever they are with this small yet powerful hub that integrates several necessary ports into a single stylish gadget.

Product Highlights:

1. 8-in-1 USB C Hub: The AnHome hub is compatible with all devices with Type-C/USB ports, including well-known versions like the MacBook Pro and Air. With its SD/Micro SD card reader slots, 4K HDMI video output, RJ45 100M Ethernet interface, USB 3.0, USB 2.0, USB C, and PD ports, it's a must-have tool for anyone trying to increase their device's connectivity possibilities.
2. 4K HDMI Output: Users may extend or mirror their screens with amazing clarity thanks to the [USB C to HDMI](#) Adapter's capabilities for 4K video output at 30Hz and 1080P at 60Hz. This

adapter guarantees a flawless visual experience whether users want to stream movies, edit videos, or give a presentation.

3. Superfast Data Transfer: The [Type C to HDMI](#) hub is ideal for those who need to manage big files on the road because it has a USB 3.0 connector that allows transfer speeds of up to 5 Gbps and an SD/TF card reader for easy file access. Unlike other wireless options, the RJ45 100M Ethernet connector offers a reliable and quick internet connection.

4. PD Quick Charging and OTG Support: The hub's PD port allows quick charging of up to 100W, which keeps gadgets "fueled" all day. Furthermore, OTG (On-The-Go) capability is supported by the USB C to HDMI adapter, allowing direct file transfers from USB drives to smartphones and other devices.

5. Compact & Sturdy Design: The [HDMI to Type C](#) Adapter is made to withstand daily use thanks to its sturdy construction, which includes ABS and premium metal components. Its lightweight and compact design is ideal for professionals, students, and travelers.

The USB C Hub Ethernet HDMI 4K Adapter from AnHome is notable for its cost and range of uses. At just \$16.99, it provides great value by combining premium features with sturdy construction. AnHome also guarantees that customers can buy with confidence by offering a 12-month warranty.

About AnHome

Since its founding in 2018, AnHome has quickly developed into a reputable name in the tech accessory industry. After the company successfully secured funding on Shark Tank Vietnam in 2021, it received a lot of attention. AnHome, a company well-known for its stylish and high-quality USB-C hub devices, has made a name for itself as a pioneer in offering smart and reasonably priced solutions to tech-savvy consumers. AnHome is a global provider of cutting-edge technology and customer satisfaction. As a result, it is constantly expanding its product line to serve its global customer base better.
