

Longfang Bridge by Wenzhou Design Assembly Company Ltd Wins Silver in A' Architectural Lighting Awards

Wenzhou Design Assembly Company Ltd Receives Prestigious Recognition for Innovative Nightscape Lighting Design

COMO, CO, ITALY, August 8, 2024 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected and well-recognized award in the field of [architectural lighting](#) design, has announced [Wenzhou Design Assembly Company Ltd](#) as a Silver winner for their exceptional work on the Longfang Bridge. This prestigious recognition highlights the significance of the Longfang Bridge project within the architectural lighting industry, positioning it as a noteworthy achievement in design excellence.

The Longfang Bridge's innovative lighting design showcases the relevance of thoughtful illumination in enhancing urban spaces and cultural tourism zones. By integrating vehicle and pedestrian traffic while expressing Tanghe Culture, this project aligns with current trends in creating cohesive and meaningful environments. The design's practical benefits extend to users, the industry, and stakeholders, demonstrating the power of architectural lighting to elevate functionality and aesthetics.

Wenzhou Design Assembly Company Ltd's award-winning design stands out for its unique approach to strengthening the spatial hierarchy of the bridge structure while seamlessly merging it into the canal town environment. The lighting concept, inspired by the National Emblem of the People's Republic of China, creates a striking color contrast that complements the bridge's internal culture. By integrating lighting with the structure and utilizing different color temperatures, the design achieves a harmonious balance between the main bridge and

Longfang Bridge

pedestrian bridges, ultimately transforming Longfang Bridge into an iconic local tourist attraction.

This recognition from the A' Architectural Lighting Awards serves as a catalyst for Wenzhou Design Assembly Company Ltd to continue pushing the boundaries of architectural lighting design. The award validates their commitment to innovation and inspires the team to explore new possibilities in future projects. By setting a high standard of excellence, Longfang Bridge has the potential to influence industry practices and motivate other designers to strive for similar achievements.

Team Members

Longfang Bridge was designed by a talented team of professionals, including Lighting Designer Yao Shi, Electrical Engineers YiHong Chen, Jing Wang, and JunChao Chen, Assistant Lighting Designers Weijian Xia, BiXue Liu, ShengHao Huang, and XiuYa Zheng, Bridge Engineers LiFeng Wu and XingFeng Tan, and Landscape Architect ZiHui Zhang. Their combined expertise and dedication contributed to the success of this award-winning project by Wenzhou Design Assembly Company Ltd.
