

Lei Light Reflection by Yasuyuki Nagato Wins Silver in A' Lighting Products and Fixtures Design Award

Innovative Lighting Design Combining Aroma Diffuser and Mirror Earns Prestigious International Recognition

COMO, CO, ITALY, August 8, 2024 /EINPresswire.com/ -- The A' Design Award, a highly respected and well-recognized award in the field of [lighting design](#), has announced Lei Light Reflection by [Yasuyuki Nagato](#) as the Silver Winner in the Lighting Products and Fixtures Design category. This prestigious recognition highlights the significance of Lei Light Reflection within the lighting industry and design community, acknowledging its innovative features and outstanding craftsmanship.

Lei Light Reflection's unique combination of a lighting product, aroma diffuser, and mirror addresses the growing demand for multifunctional and customizable lighting solutions in personal, small-scale spaces. By aligning with current trends and user needs, this award-winning design demonstrates its relevance and value to both the industry and potential customers.

The innovative design of Lei Light Reflection utilizes reflected light within an oval-shaped frame, creating soft and beautiful illumination from any angle. With three color types and four levels of dimming, the product offers versatility in customizing various situations. The refined aluminum body, crafted with superior workmanship, and the international patent-pending technology for the aroma diffuser, which efficiently spreads scent through capillary action, set Lei Light Reflection apart in the market.

This recognition from the A' Lighting Products and Fixtures Design Award serves as motivation for the design team to continue pursuing excellence and innovation in their future projects. The award inspires the team to further explore the possibilities of combining functionality, aesthetics, and cutting-edge technology in lighting design.

Lei Light Reflection was designed by SOL style, consisting of Yu Ito and Yoshimi Kemmotsu, with Yasuyuki Nagato as the inventor.
