

GlobalNow Unveils Verso's GenAI BOT to Enhance Client Interactions

DALLAS, TEXAS, UNITED STATES, August 8, 2024 /EINPresswire.com/ --

GlobalNow is excited to announce the deployment of Verso's GenAI BOT, designed to streamline and enhance interactions with clients. Verso, a leader in ecosystem transaction management solutions for the circular

supply chain, has launched an AI Bot powered by OpenAI to capture client input from various sources.

The GlobalNow VERSO solution oversees recruiting and candidate submission activities for clients, recruiters, candidates, and subcontractors. With the new VERSO interface BOT, clients can utilize ATS job descriptions, email blurbs, or other data sources to engage with VERSO, triggering immediate Talent Requests to be fulfilled by the GlobalNow team.

Gabriela Barahona, Senior Talent Manager at GlobalNow, stated, "Our goal is to be as user-friendly as possible for our valued clients and partners. This includes thoroughly understanding and capturing essential job requirements. The VERSO interaction Bot facilitates rapid Talent Request creation, ensures mandatory requirements are clarified, and prompts additional questions to help provide high-quality candidates and speed up the candidate sourcing process."
