

Spark TS Hosts Short Line Joint Committee Meeting in St. Paul, MN

Spark TS Hosts for ASLRRRA Committee Members for Discussions Focusing on Safety, Operations, and Technology Innovation in Short Line and Regional Railroads

ST. PAUL, MN, USA, August 12, 2024 /EINPresswire.com/ -- [Spark TS](#), a transportation [SaaS](#) safety, compliance and drug & alcohol testing company, announces its exclusive sponsorship of the upcoming Joint Committee Meeting, taking place August 13-14 in St. Paul, MN. This meeting is for [ASLRRRA](#) members who serve on its constituent committees, to gather and discuss issues impacting the short line and regional railroad industry across a number of key topics.

The logo for Spark TS, with "SPARK" in black and "TS" in orange. The letter "A" is stylized with three orange lines radiating from its top.

"We are honored to host the Joint Committee Meeting and welcome attendees to our hometown, St. Paul, MN," said Katie Inouye, CEO and founder, Spark TS. "We look forward to fostering meaningful discussions with short line and regional railroad leaders this week."

“

The Joint Committee Meeting provides a pivotal forum for advancing safety, operations, and innovation for short line railroads. We appreciate Spark TS's engagement, making this event possible."

Jo Strang, SVP – Safety, Regulatory, and Environmental Policy, ASLRRRA

One of the event's highlights will be a welcome reception and tour of the historic James J. Hill House, an iconic landmark of American railroading. James J. Hill is best known as the "Empire Builder" who oversaw the Great Northern Railroad.

"The Joint Committee Meeting provides a pivotal forum for advancing the safety, operational and technology needs of short line and regional railroads," said Jo Strang, Senior

Vice President – Safety, Regulatory, and Environmental Policy, ASLRRA. “We appreciate Spark TS's significant role in making this meeting possible.”

This important event is for ASLRRA Committee members, providing an opportunity for collaborative discussions on safety standards, regulatory compliance, and innovative technologies, and other issues facing the short line industry.
