

EY partners with IT Park Uzbekistan to develop International Center for Digital Technologies “Enterprise Uzbekistan”

The Ministry of Digital Technologies of Uzbekistan and IT Park Uzbekistan signed an agreement with EY to jointly develop the ICDT Enterprise Uzbekistan.

TASHKENT, UZBEKISTAN, August 9, 2024 /EINPresswire.com/ -- The Ministry of Digital Technologies of Uzbekistan and [IT Park Uzbekistan](#) announced the signing of an agreement with [EY](#) to jointly develop the [International Center for Digital Technologies](#), Enterprise Uzbekistan. This agreement was concluded during a meeting with the Minister of Digital Technologies Sherzod Shermatov and the CEO of IT Park Uzbekistan Farkhod Ibragimov.

Enterprise Uzbekistan – Reaching New Heights in IT Development

Enterprise Uzbekistan, located within the IT Park complex, is an International Center for Digital Technologies (ICDT). The center is designed for the development and testing of innovations, services, and corporate products in the digital sphere, providing unique conditions for tech giants. The special legal regime in place

within the center offers favorable conditions in the areas of tax and customs regulation, labor relations, banking and financial activities, and the protection of intellectual property and

personal data.

Global Experience and Leading Positions

EY, with its extensive international and multidisciplinary expertise, will assist in building a solid foundation for the launch and development of Enterprise Uzbekistan. This collaboration will help Uzbekistan become a leader in IT development and outsourcing.

In creating the ICDT in Uzbekistan, the experiences of countries such as Ireland, the UAE, Singapore and others – recognized global leaders in this field

– were taken into account. The establishment of Enterprise Uzbekistan will enable Uzbekistan to join the ranks of leading countries, creating favorable conditions for business and the development of the IT sector. The special legal regime of the center will be in effect for the next 100 years, fostering long-term technological industry development and enhancing the country's investment attractiveness.
