"We're incredibly excited to share 'Lovestruck' with the world," says Michael Lazar, lead vocalist and pianist for TWOFEW. "This album is a natural evolution of our sound, exploring new sonic territories while staying true to our piano-rock roots."

"Lovestruck" promises to be an emotional rollercoaster, emulsifying into the complexities of love, heartbreak, war, loss, renewal (and everything in between). Fans can expect the same powerful vocals, dynamic instrumentation, and heartfelt lyrics that made "LIPS BLUE" a standout success, with a new style, tone, flavor and sound that made you fall in love with TWOFEW in the first place.

TWOFEW is also thrilled to announce a groundbreaking collaboration with esteemed Houston rapper Deus Lee. The band crossed paths with Lee while playing the main stage at the Springboard Houston Festival in April 2024, and their musical connection was instant.

"Deus' lyrics are so raw and honest, and his flow is just incredible," Lazar infers. "We knew right

away that we had to work together." Lee will be featured on two singles from the new record: "When the Stars Burned Out" (A side) and "Shine a Light" (B side).

"Collaborating with TWOFEW has been an amazing experience," says Lee. "Their music is so powerful and emotive, and I'm honored to be a part of this project!"

The band is currently hard at work in the studio, crafting the songs that will make up "Lovestruck." They're also gearing up for the first leg of their National Tour, with new dates being added all the time.
