

Erase & Embrace Tattoo Removal Studio Introduces New Cutting-Edge Treatments to their Practice

Erase & Embrace Tattoo Removal is thrilled to announce new additions to their practice including Exceed Microneedling, Celluma Light Therapy, and SkinCeuticals.

TEMECULA, CALIFORNIA, UNITED STATES, August 12, 2024 /EINPresswire.com/ -- Erase &

“

We knew we had to offer the Candela Exceed, Celluma Light Therapy, and SkinCeuticals skincare line because they represent the pinnacle of innovation and effectiveness in the industry.”

Nyssa Finn, Owner of Erase & Embrace Tattoo Removal

Embrace Tattoo Removal is thrilled to announce the addition of their second Candela device, the Candela Exceed medical microneedling device, along with [Celluma Light Therapy](#) and SkinCeuticals product line to their practice. The Exceed device sets a new standard in microneedling, offering faster, more effective, and virtually pain-free treatments.

Celluma presents a diverse range of light therapy devices designed to address various skin concerns, alleviate muscle and joint pain, and combat hair loss using targeted blue, red, and near-infrared wavelengths. With the Candela Exceed and Celluma Light Therapy, Erase & Embrace Tattoo

Removal continues to lead the industry in providing superior care and outstanding results for their valued clients.

The Candela [Exceed microneedling](#) treatment offers a transformative solution for those seeking to rejuvenate their skin and address a variety of skin concerns. Microneedling with the Candela Exceed stimulates collagen and elastin production, the building blocks of healthy skin. This natural boost in collagen helps to reduce the appearance of fine lines, wrinkles, and acne scars, resulting in a smoother, more youthful complexion. The precision of the Exceed device ensures targeted treatment, allowing for effective skin texture and tone improvement without the downtime associated with more invasive procedures.

More than just delivering impressive results, the Candela Exceed treatment is designed with your comfort and safety as top priorities. The device is equipped with a unique cooling system that minimizes discomfort during the procedure, making it suitable for even those with sensitive skin.

The advanced safety protocols of the Exceed ensure minimal risk of skin damage, offering a safe and reliable option for skin rejuvenation.

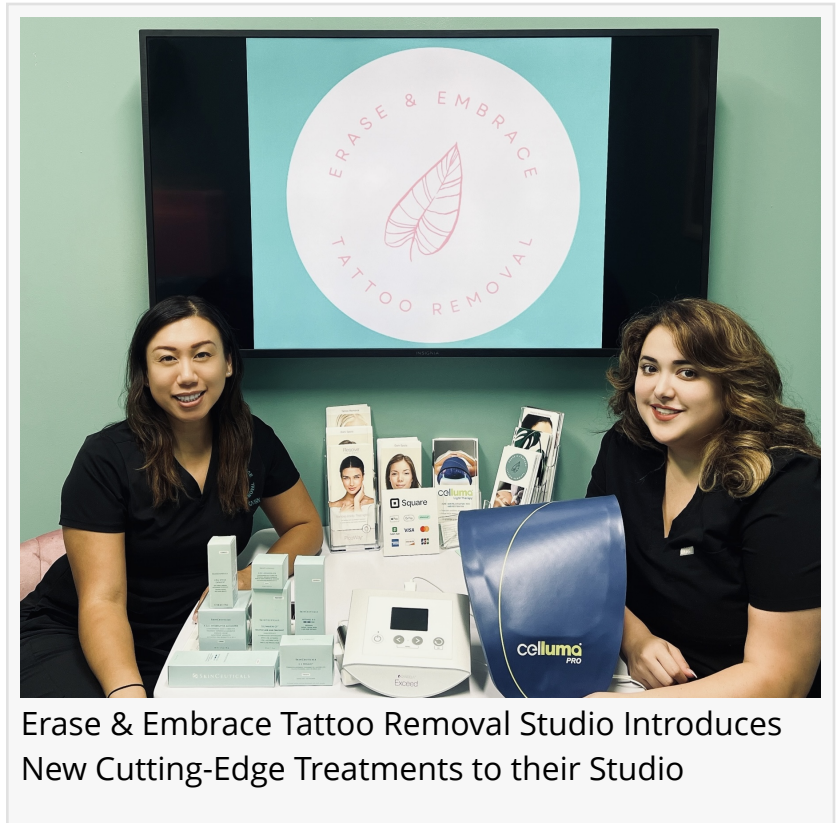

Whether you're looking to combat the signs of aging, improve the appearance of scars, or simply enhance your skin's overall health, the Candela Exceed treatment at Erase & Embrace Tattoo Removal provides a cutting-edge solution tailored to meet your skincare needs, all while ensuring your comfort and safety.

Celluma light therapy devices are a versatile, non-invasive solution for a wide range of health and wellness concerns. Utilizing advanced LED technology, Celluma devices emit specific wavelengths of blue, red, and near-infrared light to penetrate deep into the skin, muscle, and joint tissues.

This targeted approach promotes cellular rejuvenation, accelerates healing, and reduces inflammation, offering effective relief from common issues such as acne, fine lines and wrinkles, muscle stiffness, joint pain, and even hair loss. The versatility of Celluma light therapy means it can address a variety of your health and wellness needs, providing a comprehensive solution for your overall well-being.

The benefits of Celluma light therapy extend beyond just cosmetic improvements. With regular use, Celluma's therapeutic light can help improve overall skin health by reducing bacteria that cause acne, boosting collagen production, and enhancing circulation. For those dealing with chronic pain or discomfort, the near-infrared wavelengths work to soothe sore muscles and joints by increasing blood flow and reducing inflammation. Whether you are seeking to rejuvenate your skin, alleviate pain, or improve hair density, Celluma light therapy offers a safe, FDA-cleared solution with clinically proven results.

In addition to these two great treatments, they are also excited to announce the addition of SkinCeuticals. SkinCeuticals is renowned for its scientifically backed skincare solutions that deliver visible results. Formulated with high-potency ingredients, SkinCeuticals products are designed to protect against environmental damage, correct existing skin concerns, and prevent future issues. By combining cutting-edge research with innovative formulations, SkinCeuticals offers a comprehensive approach to skin health, helping users achieve a radiant, youthful

complexion with products that are trusted by dermatologists and skin care professionals worldwide.

"We knew we had to offer the Candela Exceed, Celluma Light Therapy, and SkinCeuticals skincare line because they represent the pinnacle of innovation and effectiveness in the industry. Our commitment to providing the best for our clients made these choices clear—they deliver exceptional results, whether it's advanced microneedling, cutting-edge light therapy, or scientifically backed skincare. These additions allow us to offer a comprehensive range of solutions tailored to meet our client's unique needs," said Nyssa Finn, owner of Erase & Embrace Tattoo Removal.

About [Erase & Embrace Studio](#):

Erase & Embrace Tattoo Removal is dedicated to providing clients with the highest quality care and the best possible results.
