CHARLOTTE, NORTH CAROLINA, USA, August 13, 2024 /EINPresswire.com/ --

[Elevate](#) Digital, a people-first technology [consulting](#) and talent solutions firm, has earned its place on the Inc. 5000 2024 list for the fourth consecutive year. This prestigious recognition places Elevate Digital

among the top 1% of fastest-growing private companies in the nation, solidifying its position as a leader in America's technology services sector. This achievement is particularly notable as less than 1% of all private companies in America ever make this list, and of that select group, less than 7% achieve this recognition four times in a row.

It's an honor to be named to the Inc. 5000 for a fourth straight year, placing us in the top 7% of companies that have ever achieved this milestone."
