

Sneak Peak at LIFE WORKS IN THREES!™ Self-Help Book Collection

24 books launching in January 2025 with new formulas for success with life struggles.

HOUSTON, TEXAS, UNITED STATES, August 13, 2024 /EINPresswire.com/ -- Don Barnes, founder/author of LIFE WORKS IN THREES!™ has published 24 books dealing with topics such as Happiness, Career, Purpose, Abundance, and so on. In his books, Don shares how many things in life work in threes. His message is that if you or someone you know is struggling with an area or two in life, chances are you are "out of balance" with how life works in threes.

People who may be struggling with one or two things in life are most likely out of balance with how life works. How does life work? Life works in threes!"

Don Barnes

He begins by giving examples such as Humans are Mental, Physical and Spiritual. Or Time is Past, Present and Future and Atoms are Protons, Electrons and Neutrons. He lists nearly 200 more examples of things that are triune in

nature. The significance of all of this is that in order to have success/harmony with a given thing such as Health, one must include these three parts - Mood, Intake and Output. When mixed together continuously...positive results are imminent.

Don has spent 40+ years researching and gathering all of this data to now present it in e-book, paperback and audiobook form. His books are available through many bookstores including Barnes&Noble. Check them out today!
