“Dental implants are life-changing,” says Dr. Matthew Lang, dentist at Center Valley Dental. “Long-lasting and natural-looking, they have a success rate of over 90%.”

“

Long-lasting and natural-looking, they have a success rate of over 90%.”

Dr. Matthew Lang

Dental implants from Center Valley Dental involve the surgical placement of a titanium screw to replace the missing tooth root, followed by the addition of an abutment and a custom-made crown. This procedure ensures a natural look and feel, offering a reliable and durable solution for missing teeth. For patients needing

additional support, the practice offers supplemental procedures like bone grafts and sinus lifts to enhance the success rate of the implant treatment.

Lehigh Valley cosmetic dentist Dr. Lang and his team ensure that each patient receives personalized care tailored to their unique needs. During a consultation, the team guides patients through the entire dental implant process.

Interested individuals are encouraged to explore the benefits of dental implants and schedule a free consultation by visiting <https://centervalleydental.com/request-an-appointment/>. Other services available from Center Valley Dental include general and family dentistry, as well as [CEREC crowns](#), veneers, and teeth whitening.

About Center Valley Dental: Center Valley Dental is a leading provider of [cosmetic dentistry](#) and dental implants in Center Valley, PA. Doctors Matthew Lang and Damien Ren offer patients high-quality and comfortable care, including sedation dentistry, dental crowns, and general dentistry.
