WEST DES MOINES, IA , USA, August 14, 2024 /EINPresswire.com/ -- Inc.

revealed today that OneroRx, Inc. ranks

No. 118 on the 2024 Inc. 5000, its annual list of the fastest-growing private companies in America. The prestigious ranking provides a data-driven look at the most successful companies within the economy's most dynamic segment—its independent, entrepreneurial businesses. Microsoft, Meta, Chobani, Under Armour, Timberland, Oracle, Patagonia, and many other household-name brands gained their first national exposure as honorees on the Inc. 5000.

OneroRx, Inc. is passionate about restoring quality, affordable pharmacy care to those who need it most. Over 100 million Americans currently live in a "pharmacy desert" and face significant challenges when it comes to obtaining vital prescription medications. Everyday their team works hard to deliver medication services and advice to residents in underserved communities across seven states.

CEO & President Joseph Dunham II credits his leadership team and pharmacy employees for their continued success. "Receiving this award is a true honor and testament to our dedicated teams who go above and beyond to serve our patients daily. This recognition reaffirms the importance of our mission to provide critical pharmacy access to underserved communities," stated Dunham.

The Inc. 5000 class of 2024 represents companies that have driven rapid revenue growth while navigating inflationary pressure, the rising costs of capital, and seemingly intractable hiring challenges. Among this year's top 500 companies, the average median three-year revenue growth rate is 1,637 percent. In all, this year's Inc. 5000 companies have added 874,458 jobs to the economy over the past three years.

“One of the greatest joys of my job is going through the Inc. 5000 list,” says Mike Hofman, who recently joined Inc. as editor-in-chief. “To see all of the intriguing and surprising ways that companies are transforming sectors, from health care and AI to apparel and pet food, is fascinating for me as a journalist and storyteller. Congratulations to this year’s honorees, as well, for growing their businesses fast despite the economic disruption we all faced over the past three years, from supply chain woes to inflation to changes in the workforce.”

More about Inc. and the Inc. 5000

### Methodology

Companies on the 2024 Inc. 5000 are ranked according to percentage revenue growth from 2020 to 2023. To qualify, companies must have been founded and generating revenue by March 31, 2020. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2023. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2020 is \$100,000; the minimum for 2023 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to four decimal places.
