HydraDNA*

In addition to balancing cutting-edge modern design packaging and innovative brand image with classic and reliable health principles, these holistic beverages are formulated with scientifically backed high-quality ingredients such as grass-fed collagen peptides, Mitoburn[®], Chromax[®], and organic caffeine. Each drink, including Watermelon (Performance drink), Orange (Performance drink), and Summer Watermelon (Performance collagen-infused drink) offers exceptional flavor and a perfect blend of enjoyment and functionality, providing a unique taste experience, wellness, performance, and vitality. By fusing these core values and the finest ingredients, HydraDNA (Do Nothing Average) not only meets the needs of its

customers but also inspires them to live healthier, more empowered lives, providing confidence in health, motivation for better living, and excitement for innovation.

Marcus Sanders, Vice President of HydraDNA, shares his excitement: “We're here to transform the beverage industry with HydraDNA's clean, effective, and truly holistic approach. Traditional drinks often fall short on comprehensive wellness, but HydraDNA sets a new standard. Our commitment to quality and innovation speaks to those seeking genuine health benefits without

compromise. We're not just quenching thirst—we're championing a healthier, more empowered lifestyle."

HydraDNA (Do Nothing Average) aims to solidify its presence in major U.S. cities, expand into international markets, emerge as a leading brand in the global health beverage market with its commitment to quality and innovation, and be a trusted partner in its customer's journey toward a brighter and healthier future. Pushing boundaries and creating cutting-edge solutions is undoubtedly putting Hydra DNA (Do Nothing Average) refreshments at the forefront of the beverage industry to offer the world wellness, performance, self-discovery, personal growth, resilience, and vitality. HydraDNA will be hosting various events throughout the year and will also be launching their product on various platforms.
