

For the Second Consecutive Year, Fork Farms Named on the Inc. 5000 List of Fastest-Growing Private Companies in America

Fork Farms Celebrates Positive Growth Rate of 507% since 2020

GREEN BAY, WI, USA, August 14, 2024 /EINPresswire.com/ -- Inc. revealed today that Fork Farms ranks in the top 20% of fastest-growing private companies in America on the coveted [2024 Inc. 5000](#) annual list. Named No. 1008 of 5000 of fastest-growing private companies in America, Fork Farms also claimed the #1 spot in Agriculture & Natural Resources and ranked #9 among the fastest-growing companies in Wisconsin. Earlier this year, Fork Farms was also recognized on the Financial Times Americas' Fastest Growing Companies 2024 list.

“

We are honored to be recognized by Inc. and seen as a leader in progressive and sustainable agriculture. We look forward to continuing to empower communities, and address food insecurity challenges.”

Alex Tyink, Co-founder and CEO of Fork Farms

The prestigious Inc. ranking provides a data-driven look at the most successful companies within the economy's most dynamic segment—its independent, entrepreneurial businesses. Microsoft, Meta, Chobani, Under Armour, Timberland, Oracle, Patagonia, and many other household-name brands gained their first national exposure as honorees on the Inc. 5000.

Fork Farms, the pioneering force behind the most efficient mobile hydroponic farm, [the Flex Farm](#), has received accolades of late for its significant growth and revolutionary product innovation. Fork Farms recently introduced [the Flex Acre](#) that enables communities to grow

fresh produce at enterprise scale in virtually any space. The Flex Acre also boasts industry-disruptive technology that brings the first-ever fully-integrated HVAC, power and plumbing solution for controlled environment agriculture to the market.

Co-founder and CEO of Fork Farms, Alex Tyink, responded to the company's recent awards

stating, "We are honored to be recognized as a top growing private company in our country, and seen as a leader in progressive and sustainable agriculture. We look forward to continuing to empower communities, provide access to fresh food, and address food insecurity challenges both locally and globally."

With more than 3,000 Flex Farms installed in 46 states and 12 countries, Fork Farms' innovative hydroponic farming technology has been adopted across various sectors, including healthcare, education, hospitality, and community service. Fork Farms is a leader in the education industry with more than 1,000 Flex Farms growing in K-12 schools across the country. The Flex Farm is the most efficient indoor, mobile hydroponic farm, capable of producing 25 pounds of leafy greens in less than a month within nine square feet of space. The company's dedication to sustainability is evident, with Flex Farms collectively saving millions of food miles, reducing food waste, and mitigating carbon emissions and water usage.

The Inc. 5000 class of 2024 represents companies that have driven rapid revenue growth while navigating inflationary pressure, the rising costs of capital, and seemingly intractable hiring challenges. Among this year's top 500 companies, the average median three-year revenue growth rate is 1,637 percent. In all, this year's Inc. 5000 companies have added 874,458 jobs to the economy over the past three years. For complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, location, and other criteria, go to www.inc.com/inc5000.

About Fork Farms

Fork Farms is creating a better, cleaner, more efficient and sustainable food system for our communities, one farmer at a time. About Inc.

Inc. Business Media is the leading multimedia brand for entrepreneurs. Through its journalism, Inc. aims to inform, educate, and elevate the profile of our community: the risk-takers, the innovators, and the ultra-driven go-getters who are creating our future. Inc.'s award-winning work achieves a monthly brand footprint of more than 40 million across a variety of channels, including events, print, digital, video, podcasts, newsletters, and social media. Its proprietary Inc. 5000 list, produced every year since its launch as the Inc. 100 in 1982, analyzes company data to rank the fastest-growing privately held businesses in the United States. The recognition that comes with inclusion on this and other prestigious Inc. lists, such as Female Founders and Power Partners, gives the founders of top businesses the opportunity to engage with an exclusive community of their peers, and credibility that helps them drive sales and recruit talent.
