□Overview: Godzilla Interception Operation

Godzilla Interception Operation is a unique attraction at anime park Nijigen no Mori, themed around a "life-sized" statue measuring 120 meters in length of Godzilla making landfall on Awaji Island. Visitors join an organization known as the National Awaji Island Institute of Godzilla Disaster (NIGOD) and take on missions to subdue the monster with a zipline plunging right into the monster's jaws, and blasting away dangerous Godzilla cells in a shooting game.

The attraction features the world's first permanent Godzilla museum, as well as "Kaiju no Mori", an indoor area for young children to enjoy free play with around 50 different kinds of kaiju soft plastic models. There is also a range of NIGOD merchandise and special Godzilla-themed food and drink available for purchase. Find the world's largest Godzilla making landfall on Awaji
