“The world-renowned surgeons and professionals at NYSI have an exceptional reputation for treating patients with debilitating conditions and chronic pain. They are committed to providing care that achieves positive outcomes, restoring patient health and living pain free. Over the course of my career, I have seen the evolution of spinal surgical techniques, honing procedures down to be

less invasive and allowing patients to regain mobility and their quality of life. I look forward to being part of this exceptional team and providing care to new patients,” said Dr. Michael Faloon.

“We welcome Dr. Faloon to New York Spine Institute. We are certain that he will be an asset to

our organization and will advance our practice across the New York Metro area. Dr. Faloon is a professional with a deep wealth of medical knowledge and experience. Having been in private practice for 15 years, he has been treating patients of all ages who are facing different operative and non-operative conditions," said Dr. Alexandre B. de Moura, Director, New York Spine Institute.

Dr. Faloon received his bachelor's degree from the University of Notre Dame and his doctorate in medicine and residency from Rutgers University-New Jersey Medical School and Seton Hall University. He completed his fellowship in spine surgery from New York Hospital for Special Surgery.
