“Being recognized on the Inc. 5000 list for the second year in a row is a testament to our team's relentless dedication and innovative spirit,” said RippleWorx CEO Angie Sandritter. “Our consistent ability to bridge the gap between hard-deliverable KPIs and soft-people analytics has been key to our growth. We're honored to be among such distinguished companies and remain committed to transforming organizational leadership and performance.”

“Over the past year, we have dedicated significant time and energy into developing AI workflows that generate actionable insights from our company pulse surveys and performance evaluations,” added RippleWorx Chief Scientist Larry Lowe. “Achieving a second consecutive year on the Inc. 5000 list is a strong validation that our product is delivering meaningful value to the market.”

The Inc. 5000 class of 2024 represents companies that have achieved rapid revenue growth while navigating challenges such as inflationary pressure, rising capital costs, and complex hiring landscapes. Among this year's top 500 companies, the average median three-year revenue growth rate is an impressive 1,637 percent.

“One of the greatest joys of my job is going through the Inc. 5000 list,” said Mike Hofman, Inc. editor-in-chief. “It's fascinating to see the intriguing and surprising ways that companies are

transforming sectors, from healthcare to AI. Congratulations to this year's honorees for growing their businesses fast despite the economic disruption we all faced over the past three years, from supply chain woes to inflation to changes in the workforce."

More about Inc. and the Inc. 5000

### Methodology

Companies on the 2024 Inc. 5000 are ranked according to percentage revenue growth from 2020 to 2023. To qualify, companies must have been founded and generating revenue by March 31, 2020. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2023. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2020 is \$100,000; the minimum for 2023 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Growth rates used to determine company rankings were calculated to four decimal places.
