

Interaction Associates Named On Inc. 5000 List of the Fastest-Growing Private Companies in America for 2024

IA, a leading provider of training and consulting services for building a collaborative leadership culture, has been named to the 2024 Inc. 5000

NEW YORK, NY, USA, August 15, 2024 /EINPresswire.com/ -- Inc. revealed today that Interaction

We thank our clients for giving us the opportunity to help them strengthen their teams and build the next generation of collaborative leaders.”

Barry Rosen, CEO, Interaction Associates (IA)

Associates, a leading provider of training and consulting services for building a collaborative leadership culture, has been named to the [2024 Inc. 5000](#), an annual prestigious list of the fastest-growing private companies in America. The prestigious ranking provides a data-driven look at the most successful companies within the economy’s most dynamic segment—its independent, entrepreneurial businesses. Microsoft, Meta, Chobani, Under Armour, Timberland, Oracle, Patagonia, and many other household-name brands gained their first national exposure as honorees on the Inc. 5000.

“We’re honored to be recognized by Inc. 5000 as one of the fastest-growing companies in the United States. Since 2020, there has been a transformational shift in what younger workers want from work, beyond just a fair financial return on their contribution to company success. They want to learn practical skills, grow their value in the labor market, and feel connected to their company’s mission,” said Barry Rosen, CEO, Interaction Associates (IA). “Our clients reach out to us to provide training and coaching on how teams can be more productive and team members more satisfied with their day-to-day work experience. Developing their collaborative intelligence is a practical way to advance their careers. We thank our clients for giving us the opportunity to help them strengthen their teams and build the next generation of collaborative leaders.”

The Inc. 5000 class of 2024 represents companies that have driven rapid revenue growth while navigating inflationary pressure, the rising costs of capital, and seemingly intractable hiring challenges. Among this year’s top 500 companies, the average median three-year revenue growth rate is 1,637 percent. In all, this year’s Inc. 5000 companies have added 874,458 jobs to the economy over the past three years.

For complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, location, and other criteria, go to www.inc.com/inc5000. All 5000 companies are featured on Inc.com starting Tuesday, August 13, and the top 500 appear in the new issue of Inc. magazine, available on newsstands beginning Tuesday, August 20.

“One of the greatest joys of my job is going through the Inc. 5000 list,” says Mike Hofman, who recently joined Inc. as editor-in-chief. “To see all of the intriguing and surprising ways that companies are transforming sectors, from health care and AI to apparel and pet food, is fascinating for me as a journalist and storyteller. Congratulations to this year’s honorees, as well, for growing their businesses fast despite the economic disruption we all faced over the past three years, from supply chain woes to inflation to changes in the workforce.”
