

INKBIRD Launches 4-Probe Wireless Meat Thermometer INT-14-BW to Cook Easier

INKBIRD today launches the wireless meat thermometer INT-14-BW with WiFi, Bluetooth and Local operation modes for easy and accurate cooking.

SHENZHEN, GUANGDONG, CHINA, August 15, 2024 /EINPresswire.com/ -- INKBIRD, a leading manufacturer of temperature controllers, meat thermometers, sous vide cookers and other IoT devices, today unveils its latest [4-Probe WiFi & Bluetooth Meat Thermometer INT-14-BW](#). With its versatile WiFi, Bluetooth, and Local mode capabilities, this innovative [food thermometer](#) helps users monitor their cooking effectively and accurately to redefine the way of home cooking and professional culinary arts.

Here are some key features of this wireless meat thermometer:

- WiFi, Bluetooth, and Local Modes for Seamless Connectivity. The INT-14-BW has triple connectivity options. Users can choose between WiFi, Bluetooth, or Local mode to monitor and control their cooking processes.
- Multi-Probe for Multiple Foods Monitoring: With its four truly wireless probes, the INT-14-BW enables users to monitor multiple dishes at the same time, which provides maximum freedom and mobility to cook easily.
- Dual-Sensor Probes for Both Food and Oven Temperature: Each probe of the INT-14-BW has 2 precision sensors, capable of detecting both food and oven temperatures simultaneously.

INT-14-BW Wireless Meat Thermometer

- Premium IP67 Dishwasher-Safe Probes: The INT-14-BW utilizes food-grade stainless steel probes with zirconia ceramic handles for durability and safety. The IP67 waterproof and dishwasher-safe design enables effortless cleaning and maintenance.

- Ultra-Precise Temperature Control: The INT-14-BW's temperature control is $\pm 1^\circ/\pm 1.8^\circ$, which means that all dishes can be cooked to an exact temperature and guarantee professional-quality meals every time.

- 26 Pre-Set Meat Menus for Effortless Cooking: The INT-14-BW arrived preprogrammed with 26 USDA-recommended meat menus, including beef, chicken, pork, and fish, which provide quick operation and reliable temperature recommendations.

- 25-Hour Battery Life for Uninterrupted Operation: With extended 25-hour battery life, the INT-14-BW is an uninterrupted cooking assistant. It frees up cooks to let their food cook unsupervised, guaranteed to be cooked to perfection.

- Comprehensive Alarm and Timer Functions: The INT-14-BW features target temperature alarms, target temperature pre-alarms, high and low temperature alarms, and cooking timer to ensure the desired level of doneness.

- Historical Temperature Data for Advanced Analysis: The INT-14-BW stores 30 minutes of temperature history and syncs with the INKBIRD app when connected, allowing cooks to track and analyze their cooking progress.

4 Probes to Cook Together

Accurate Temperature Control

- High-Definition Display for Clarity and Control: The full-view high-definition screen on the base clearly delivers all temperature data, and its adjustable backlight allows easy monitoring regardless of ambient lighting.

Availability & Pricing

The INKBIRD Wireless Meat Thermometer INT-14-BW is now available for purchase through INKBIRD's official website and authorized retailers worldwide. Priced at \$199.99, it includes free shipping, 30-day easy return and a 1-year warranty.
