

# eshipjet.ai Unveils ShipperCopilot: Generative AI-Powered, RFID-Enabled Warehouse and Multi-Carrier Shipping Solutions

SANTA CLARA, CA, USA , August 15, 2024 /EINPresswire.com/ -- eshipjet.ai today announced that it will showcase its AI-powered, RFID-enabled warehouse and carrier-compliance multi-carrier shipping solutions at Parcel Forum '24. The event will take place at the Gaylord Texan Resort in Dallas from September 16-18. eshipjet.ai will be present with a 10x20 exhibitor booth (#701).

Introducing ShipperCopilot: eshipjet.ai will present its ShipperCopilot solution to customers, partners, and attendees. This solution integrates with RFID and carrier-compliance framework to enhance various warehouse and logistics operations, said Kumar Vidadala, President & CEO, including:

- Warehouse Management: Streamlining the picking and packing process using an RFID framework.
- Carrier Routing and Selection: Using AI to optimize carrier routes and select the best carriers.
- Label and Document Printing: Generating carrier-compliant shipping labels, shipping documents, and export documents.
- Comprehensive Shipment Visibility: Providing visibility from label printing to the inbound receiving process.
- Mobile Platform: Demonstrating the ability to perform all major shipping operations via a mobile platform.
- Real-time ERP, WMS, Marketplaces Integration: Seamlessly integrating with major ERP systems like SAP S/4HANA (Private & Public Cloud), Oracle ERP Cloud, Infor, NetSuite, Microsoft Dynamics 365, Sage, Salesforce, Acumatica, as well as other custom ERP and WMS/TMS systems, marketplaces, and e-commerce platforms.
- Peripheral Integration: Integrating with RFID Zebra devices, mobile belt printers, robotic systems, conveyor systems, any type of scales including dimensional scales.
- Easy RMA Return Process: Simplifying the return process for customers.
