[/EINPresswire.com/](https://EINPresswire.com/) -- WLX | WLE is proud to announce that it earned the rank of No. 1660 on the 2024 Inc. 5000 list, a prestigious ranking of the fastest-growing private companies in America. The list provides a data-driven look at the most successful companies within the economy's most dynamic segment—its independent, entrepreneurial businesses. Microsoft, Meta, Chobani, Under Armour, Timberland, Oracle, Patagonia, and many other household-name brands gained their first national exposure as honorees on the Inc. 5000.

The Inc. 5000 class of 2024 represents a dynamic group of companies that have navigated the complexities of today's economic environment with remarkable success. Collectively, the companies featured on this year's list have contributed 874,458 jobs to the U.S. economy over the past three years, underscoring their vital role in driving national economic growth.

The Inc. 5000 list is based on percentage revenue growth from 2020 to 2023. To qualify, companies must have been founded and generating revenue by March 31, 2020, and be U.S.-based, privately held, for-profit, and independent as of December 31, 2023.
