

Lionbridge Selected for the 2024 AI in Training Watch List by Training Industry, Inc.

Recognized as a leader to watch in comprehensive artificial intelligence (AI) training solutions

WALTHAM, MASSACHUSETTS, UNITED STATES, August 16, 2024

/EINPresswire.com/ -- [Lionbridge](#), a global leader in eLearning, AI services, and translation and localization solutions, has been selected as a featured provider on Training Industry Inc.'s 2024 [AI in Training Watch List](#).

Lionbridge Selected for the 2024 AI in Training Watch List by Training Industry, Inc.

Training Industry continuously monitors the training marketplace looking for the best providers of AI in Training that offer a breadth of capabilities and services. 2024 marks the first-ever Watch List, intended to help buyers of training services evaluate learning service providers, representing emerging or unique strengths and capabilities. Lionbridge was selected based on the following criteria:

“

We are honored by this recognition, which is a testament to how our eLearning services team is making a real difference for our customers in the training and localization sectors.”

Rich Tobin, Chief Operating Officer of Lionbridge

- Breadth, quality, and advancement of AI features, capabilities and analytics.
- Presence, innovation, and impact within the AI training market.
- Client and user representation.
- Business performance and growth.

“We are honored by this recognition, which is a testament to how our eLearning services team is making a real difference for our customers in the training and localization sectors,” said Rich Tobin, Chief Operating Officer of Lionbridge. “By offering a suite of cutting-edge AI

solutions that work seamlessly together, Lionbridge meets the ever-changing needs of the industry to deliver an exceptional learner experience.”

Lionbridge creates custom AI-enhanced learning solutions to boost organizational performance, productivity, and ROI. These tools include multilingual content creation, prompt engineering, Large Language Model (LLM) training, and AI optimization for localization. By leveraging advanced AI, Lionbridge makes learning content accessible, culturally relevant, and engaging, helping organizations overcome language barriers and improve global communication.

“The first ever 2024 AI in Training Watch List represents a unique and emerging set of companies that provide strong and capable AI-powered products and solutions,” said Tom Whelan, Director of Corporate Research at Training Industry, Inc. “These companies offer engaging AI-powered solutions such as immersive content creators and translation tools to deliver and support their clients’ business and learner needs.”
