

Local Rug Cleaning Company Offers Sustainable and Eco-Friendly Services

NEW YORK CITY, NY, USA, August 16, 2024 /EINPresswire.com/ -- As the world becomes more environmentally conscious, consumers are seeking out sustainable and eco-friendly options in all aspects of their lives. This includes household cleaning services, such as [rug cleaning](#). In response to this growing demand, Fantastic [Carpet Cleaning](#) NYC, a local rug cleaning company, is proud to announce their new sustainable and eco-friendly services.

With over 8 years of experience in the rug cleaning industry, Fantastic Carpet Cleaning has always prioritized using safe and effective cleaning methods. However, they have recently taken their commitment to the environment to the next level by implementing sustainable practices in their services. This includes using non-toxic and biodegradable cleaning products, as well as utilizing energy-efficient equipment.

In addition to their eco-friendly practices, Fantastic Carpet Cleaning also offers a rug recycling program. Instead of throwing away old or damaged rugs, customers can now bring them to Fantastic Carpet Cleaning NYC for proper recycling. This not only reduces waste in landfills, but also helps to conserve natural resources by repurposing materials.

Fantastic Carpet Cleaning NYC is excited to be at the forefront of the sustainable cleaning movement and hopes to inspire other businesses in the industry to follow suit. "We believe that it is our responsibility to do our part in protecting the environment and we are proud to offer sustainable and eco-friendly rug cleaning services to our community," says Geraldo Kocibelli, owner of Fantastic Carpet Cleaning NYC.

With their new sustainable and eco-friendly carpet cleaning services, Fantastic Carpet Cleaning

Carpet Cleaning

NYC is not only providing high-quality rug cleaning, but also making a positive impact on the environment. Customers can now have peace of mind knowing that their rugs are being cleaned in a safe and sustainable manner.
