The Sofema training benefits include:

1. **Comprehensive Course Selection:** From Safety Management Systems (SMS) to Aircraft Maintenance and Continuing Airworthiness, SAS has a course for every need. Popular options include “EASA Part 145”, “Human Factors in Aviation Maintenance”, and “CAMO Management.”
2. **In-Company Training:** Tailored training allows for a customized approach, ensuring that the team gets the precise knowledge they need. With In-Company Training, up to 12 participants can attend at no additional cost, making it a cost-effective solution for businesses seeking consistent and targeted training.
3. **Webinar Training:** For organizations and individuals preferring flexibility, the webinar training sessions are ideal. Experience the same high-quality, instructor-led sessions from anywhere in the world, offering the convenience of remote learning without sacrificing interactivity. Recent popular webinars include “EASA Compliant Aviation Quality Assurance” and “Effective Root Cause Analysis.”
4. **Proven Expertise:** With over a decade of experience, SAS is a trusted name in the aviation industry. They have trained over 50,000 aviation professionals, equipping them with the

knowledge and skills to excel in their roles.

5. Regulatory Compliance: All courses are designed to meet the latest aviation regulations, ensuring organizations stay compliant and ahead of the curve. Their offerings are regularly updated to reflect the latest industry standards.
