

Symphony by Marius Mateika Wins Silver in A' Interior Design Awards

Marius Mateika's Innovative Orchestra Music Hall Design Recognized for Exceptional Acoustics and Aesthetics

COMO, CO, ITALY, August 19, 2024 /EINPresswire.com/ -- The highly respected A' Design Award has announced [Marius Mateika](#) as a Silver winner in the [Interior](#) Space and Exhibition Design category for his exceptional work titled "Symphony." This prestigious recognition highlights the significance of Mateika's innovative orchestra music hall design within the interior design industry, showcasing his talent and dedication to creating spaces that blend acoustical excellence with aesthetic appeal.

Symphony's award-winning design is particularly relevant to the needs of modern concert halls, where optimal acoustics and visually striking interiors are essential for enhancing the audience's experience. Mateika's meticulous approach to designing the space, utilizing a "Lego constructor" philosophy and collaborating with acousticians, demonstrates his commitment to pushing the boundaries of interior design while meeting the specific requirements of symphony orchestra performances.

What sets Symphony apart is its unique combination of acoustic elements and aesthetic features. Mateika and his team meticulously devised several standard components, such as rhombuses, triangles, and both smooth and ribbed planes, which were then methodically assembled to create an interior that achieves a harmonious balance between sound quality and visual appeal. The incorporation of ancient Lithuanian ethnic motifs and the old runic alphabet adds a mystical touch to the modern concert hall, making the space truly one-of-a-kind.

About Marius Mateika

Marius Mateika is an accomplished architect from Lithuania and the founder of MAMA Architects, a small but professional and creative studio capable of handling large, complex projects. With a focus on exceptional objects and intricate public buildings, Mateika and his team prioritize the relationship between architecture, interiors, and the people who inhabit these spaces. Their motto, "architecture is not a job for us and it is not a profession, architecture is a way of life," reflects their passion and dedication to creating designs that resonate with users on a profound level.

About MAMA Architects

MAMA Architects, founded by Marius Mateika, is a small but highly skilled and innovative team specializing in exceptional objects and complex public buildings. Their approach to design is centered around the idea that architecture is not merely a job or profession, but a way of life. Mateika and his team create spaces with a focus on how people will feel within them, always considering the relationship between architecture, interiors, and the individuals who inhabit these environments. As Mateika quotes, "A room should start a conversation before a word is spoken" (Barry Dixon), emphasizing the studio's commitment to crafting meaningful and impactful designs.

About Silver A' Design Award

The Silver A' Design Award recognizes top-tier designs that exemplify excellence and innovation in the field of Interior Space and Exhibition Design. Recipients of this award are acknowledged for their significant contributions to advancing industry standards and pushing the boundaries of design practice. The selection process is rigorous, with entries blind peer-reviewed and evaluated based on pre-established criteria by an expert jury panel comprising design professionals, industry leaders, journalists, and academics. Silver A' Design Award-winning works showcase exceptional technical characteristics, artistic skill, originality, and creativity, making a notable impact on improving everyday life and benefiting society as a whole.

About A' Design Award

The A' Design Award is an international and juried design competition that has been recognizing and promoting superior products and projects since 2008. Now in its 16th year, the competition

welcomes entries from all industries and countries, with the ultimate aim of making the world a better place through the transformative power of good design. By celebrating remarkable achievements and showcasing pioneering designs on a global stage, the A' Design Award motivates designers and brands to develop innovative solutions that positively impact society. The competition's rigorous selection process involves blind peer-review and evaluation by a world-class jury panel of design professionals, industry experts, journalists, and academics, ensuring that only the most deserving projects receive recognition.
