

LCR Capital Partners Announces I-526(E) Approvals for Legacy Hotels & Residences EB-5 Investors

WESTPORT, CT, UNITED STATES, August 20, 2024 /EINPresswire.com/ -- LCR Capital Partners has announced that investors in the Legacy Hotel & Residence EB-5 Project have received I-526(E) approvals from the United States Citizenship and Immigration Services (USCIS). This significant milestone marks a pivotal moment for LCR Capital clients, who can now move forward in obtaining their US Conditional Green Cards.

The I-526(E) is the updated version of the Form I-526, Immigrant Petition by Alien Investor. Its approval underscores the compliance of the project's business plan with USCIS' post-RIA requirements and confirms that the Legacy Hotel & Residence, located in Miami, qualifies for reserved EB-5 visas as a Targeted Employment Area (TEA). This designation ensures priority processing for LCR Capital clients, expediting their path to US permanent residency.

"These approvals are a testament to how thorough our team is in putting together our EB-5 business plans, and the Legacy Hotel & Residence project is no exception. It also highlights our commitment to providing our clients with premier investment opportunities that meet and exceed USCIS standards," said [Suresh Rajan](#), Founder and Executive Chairman of LCR Capital Partners.

The Legacy Hotel & Residence is being developed by one of Miami's top real estate developers, Royal Palm Companies (RPC), who previously completed the Paramount Miami Worldcenter, a similar EB-5 project with over seventy I-526 approvals. RPC has built a reputation for excellence and market insight, consistently delivering high-quality projects that meet market demand. The combination of the project's prime location and the focused design of functional, luxurious spaces offers an unbeatable investment opportunity.

The Legacy Hotel & Residence EB-5 project is designed to be a premier investment opportunity and remains open to new EB-5 investors. These approvals received confirm that investors can be confident in the project's compliance with USCIS requirements, including the qualification as a TEA (targeted employment area) even though it is located in the heart of Miami.

[Sherman Baldwin](#), CEO of LCR Capital Partners, added, "This project exemplifies the high standards we strive to maintain in all our EB-5 offerings at LCR Capital. We are excited about presenting this opportunity for our clients to gain the invaluable benefit of being a Green Card

holder while investing in a world-class development.”
