WASHINGTON D.C., UNITED STATES, August 21, 2024 /EINPresswire.com/ -- Inc. revealed that [EXPANSIA](#) ranks No. 1,796 on the 2024 [Inc. 5000](#), its annual list of the fastest-growing private companies in America. The prestigious ranking provides a data-driven look at the most successful companies within the economy's most dynamic segment—its independent,

entrepreneurial businesses. Microsoft,

Meta, Chobani, Under Armour, Timberland, Oracle, Patagonia, and many other household-name brands gained their first national exposure as honorees on the Inc. 5000.

AJ Jarnagin, CEO of EXPANSIA said, "EXPANSIA is honored to be recognized by Inc. 5000, which I attribute to the unwavering commitment and focus on our DoD client's mission, and a stellar team of professionals motivated on making an IMPACT every day. This achievement reflects our growth and our focus on transforming the future of aerospace and defense by deploying technology faster."

The Inc. 5000 class of 2024 represents companies that have driven rapid revenue growth while navigating inflationary pressure, the rising costs of capital, and seemingly intractable hiring challenges. Among this year's top 500 companies, the average median three-year revenue growth rate is 1,637 percent. In all, this year's Inc. 5000 companies have added 874,458 jobs to the economy over the past three years.

Mike Hofman, who recently joined Inc. as editor-in-chief, said, "Congratulations to this year's honorees for growing their businesses fast despite the economic disruption we all faced over the past three years, from supply chain woes to inflation to changes in the workforce."
