

Enertia Software SaaS ERP Implemented at one of the largest natural gas and natural gas liquids producers in the US

HOUSTON, TEXAS, UNITED STATES, August 20, 2024 /EINPresswire.com/ -- [Enertia Software](#), a 40-plus-year-established industry leader in upstream oil and gas software solutions, announces the successful SaaS [implementation](#) of one of the largest independent energy companies primarily engaged in the production and development of natural gas, natural gas liquids, and crude oil within the nation's most prolific shale gas basins.

The leading independent energy company headquartered in Spring, Texas, holds assets that are concentrated across more than 938,000 net acres in the Appalachia and Haynesville Basins and markets and transports natural gas, natural gas liquids, and oil.

"We are very excited with our team's diligence on this successful implementation," mentions Vincent Dawkins, President, and CEO for Enertia Software.

Specific milestones of the implementation include:

- [Streamline ERP Integration](#)
- Eradicated Monthly JIB Reporting Crashes
- Shorten M&A and A&D Processes
- AP Workflow Automation
- Enertia Robust Reporting Capabilities
- Modernize IT Procedures

"The momentum to push forward for Enertia Software continues with innovative solutions, exemplary services, and having a partner of this magnitude is indication of our Teams extensive knowledge, commitment, and our robust offering," Dawkins concludes.
