

Onyx Coating Unveils New Range of Vunyx® Films

The Pinnacle of Automotive Paint Protection

GREAT NECK, NEW YORK , UNITED STATES, August 31, 2024

/EINPresswire.com/ -- [Onyx Coating](#), a leading innovator in automotive protection and care, is proud to announce the launch of its revolutionary [Vunyx® Films](#). This groundbreaking range of paint protection films represents the culmination of meticulous German engineering and cutting-edge technology, designed to safeguard vehicles from the everyday elements and elevate the ownership experience.

Vunyx® Films surpass conventional paint protection, boasting a pioneering

stain-resistant technology that repels dust and water which helps to minimize oxidation and ensures a consistently pristine finish. Available in three distinct finishes – gloss transparent, Matte, Gloss Black, and Vunyx® Films cater to a variety of aesthetic preferences while delivering unparalleled protection.

“We are thrilled to introduce Vunyx® Films, the next generation of automotive surface protection,” says Mr. Ahmed Madi, Sales Director of Onyx Coating. “These films embody our commitment to providing car owners with unparalleled protection and convenience. With Vunyx® Films, drivers can spend less time maintaining their vehicles and more time enjoying the freedom of the open road.”

Installers benefit greatly from using Vunyx® films for several reasons. Firstly, Vunyx® films offer easy application, simplifying the installation process and saving valuable time and effort for

A car installed with Vunyx® Guard Pro Films

installers. Secondly, Vunyx® provides a variety of warranty programs, ensuring peace of mind for installers and their clients by offering comprehensive coverage and support. These benefits not only streamline the installation process but also enhance the overall experience, making Vunyx® films a preferred choice for installers seeking efficiency and reliability.

Vunyx® Matte Film

This sophisticated film transcends conventional paint protection, featuring Onyx Coating's pioneering Stain stain-resistant technology. The Vunyx® Matte Film delivers a consistently pristine, matte finish that minimizes the need for extensive maintenance.

Vunyx® Paint Protection Films

Vunyx® Gloss Black Film

The Vunyx® Gloss Black Film offers a mirror-like finish with superior stain resistance, ensuring a consistently flawless appearance.

We are thrilled to introduce Vunyx® Films, the next generation of automotive surface protection. These films embody our commitment to providing car owners with unparalleled protection and convenience."

Ahmed Madi

Vunyx® Guard Pro Film & Vunyx® Shield Pro Film

Both Guard Pro and Shield Pro films provide exceptional protection against scratches, chips, and environmental damage, featuring the same innovative Stain Resistant Technology for a long-lasting, pristine finish.
