Advent of new infectious micro-organisms and surge in utilization in plastic products drive the growth of the global antimicrobial additives market. However, environmental and health concerns regarding their usage hinder the market growth. On the other hand, emergence of sustainable antimicrobial additives presents new opportunities in the coming years.

List of companies profiled of the global antimicrobial additives market analyzed in the research include BASF SE, Clariant AG, BioCote Limited, Microban International Limited, King Plastic Corporation, Sanitized AG, Milliken Chemical, Lyondell Basell, PolyOne Corporation, and DOW Inc.
