Increase in focus on product innovations and surge in emphasis on tampons made of organic and biodegradable materials are the factors expected to fuel the growth of the period care market in Australia. The reusable period care

products have gained traction in the past few years. There are many people who cannot afford the costs of buying men-struation care products regularly.

The Australia period care market is segmented on the basis of product type and distribution

channel. By product type, the market is categorized into sanitary pads, tampons, liners & shields, period underwear, and menstrual cups. Sanitary pads are the most commonly used feminine hygiene products and are expected to grow at significant rate owing to increase in demand, rise in awareness, and increased government initiatives regarding men-struation care. By distribution channel, the market is divided into discount department store, department store, grocery store, pure play online, dollar stores, specialty/independent store, retail pharmacy, brick mortar online, and convenience store.

The adoption of reusable men-struation care products is on an increase owing to the rise in emphasis on the sustainable products. Most of the disposable period care products are made using plastic, which is non-biodegradable and they harm the environment. Disposable sanitary pads are one of the highest waste generators in Australia.

Sanitary pads, tampons, liners, menstrual cups, and period underwear are considered as the menstrual care or period care products. These products help absorb the menstrual fluid. Sanitary pads are the most commonly used menstrual care products among all types of period care products due to its higher penetration in Australia. Moreover, increase in number of working women in Australia has fuelled the growth of the market. Increased government initiatives to spread awareness regarding period care boosts the [growth of the Australia period care market](#). The Sustainable Period Project is an initiative in Australia that helps in educating the Australian women regarding the reusable and sustainable period care options.

The key market players profiled in this report include Unicharm Corporation, Kimberly-Clark Corporation, Procter & Gamble Co., Edgewell Personal Care Company, Knicked, Wunderthings, Modibodi, Love Luna, Juju, and Bonds. The industry is robust in nature with the presence of several large players.
