Escalating Global Terrorism Drives Demand in the Bulletproof Glass Market

The surge in global terrorism has been a major driver for the bulletproof glass market. With increasing incidents of violence and terrorist attacks, there is a heightened demand for security solutions that provide protection against various threats. According to the Institute for

Economics and Peace (IEP), the Sahel region in Africa accounted for a significant percentage of global terrorism deaths in 2022, underscoring the critical need for enhanced security measures. As businesses and governments seek to safeguard their assets and personnel, the adoption of bulletproof glass continues to rise.
