[Lash Lift](#) and Tint: A Natural Alternative to Extensions

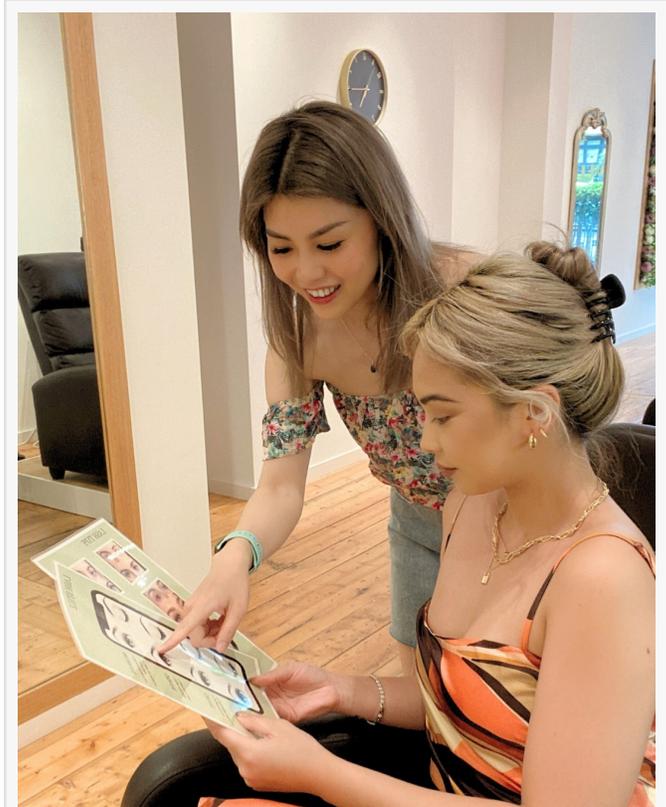

Velvet Lashes and Beauty offers Lash Lift and Tint services for clients interested in enhancing their natural lashes without extensions. A lash lift gently curls and lifts natural lashes from the root, giving them a naturally longer and fuller appearance. Paired with a lash tint, this service offers a darkened, defined look that eliminates the need for mascara.

Lash Lift and Tint provides low-maintenance beauty, perfect for those leading busy lifestyles or prefer a natural approach. Velvet Lashes and Beauty ensures that each lash lift treatment is performed precisely, focusing on enhancing the client's existing features while maintaining comfort and longevity. The lash lift lasts up to 8 weeks, providing a long-term solution for natural lash enhancement.

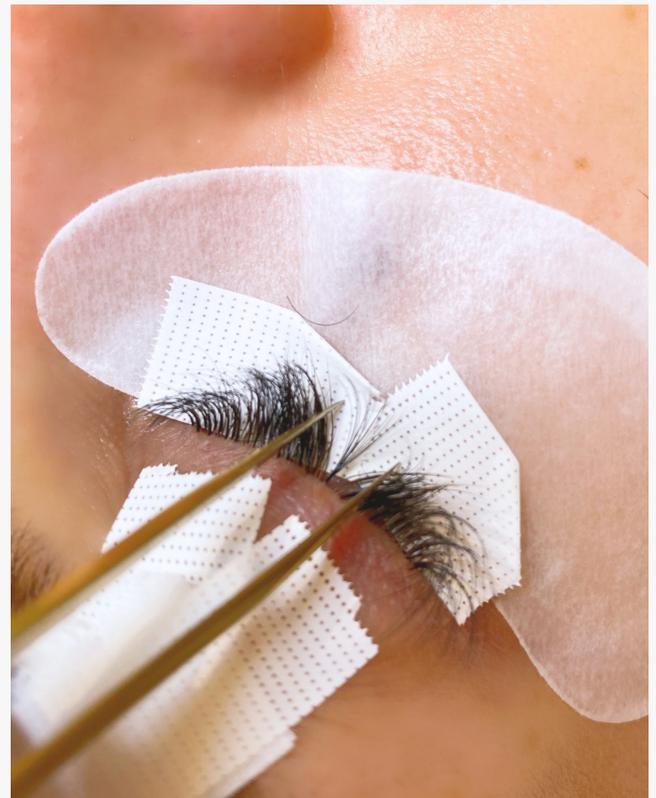

Brow Lamination, Tint, and Henna: Perfectly Styled Brows

Recognizing the significance of well-groomed brows in framing the face, Velvet Lashes and Beauty offers various services, including Brow Lamination, Brow Tint, and Brow Henna. Brow Lamination involves straightening and lifting brow hairs for a smooth, feathered look that remains in place throughout the day. Ideal for those with unruly or sparse brows, lamination gives a fuller appearance with minimal effort.
