

# Decisyon Corporation Renews Partnership with Schneider Electric to Accelerate Enterprise-Level Digital Transformation

SAN FRANCISCO, CA, USA, September 3, 2024 /EINPresswire.com/ -- Decisyon, Inc. – an industry-leading software enterprise empowering tens of thousands of users worldwide with Industrial Internet of Things (IIoT) products and smart factory solutions – is pleased to announce the renewal of its partnership with Schneider Electric, the global leader in digital transformation of energy management and automation.

- The renewed partnership between Decisyon and Schneider Electric brings together the IT/OT/IoT competencies and technologies of both companies. This synergy accelerates enterprise customers' digital transformation journeys and facilitates the rapid development and deployment of Industrial IoT applications using real-time contextualized data.

- Decisyon's leading low-code visual platform, [Decisyon App Composer™](#) (DAC), is a part of Schneider Electric's Industrial IoT platform, EcoStruxure™ to enable citizen developers and Schneider Electric IT/OT practitioners to build scalable, pre-packaged Industrial IoT applications for multiple industrial sites.

- The collaboration combines [Decisyon Digital Factory](#) (DDF) solutions with Schneider Electric's IIoT applications, positioning industrial customers across all key manufacturing sectors for accelerated transformation to drive immense ROI through significant improvement in their productivity and efficiency.

"Decisyon and Schneider Electric's unique partnership is delivering tremendous value for our customers across the globe," said Alex Aminian, President & CEO of Decisyon. "We are pleased that Decisyon's products – which can empower a company's full enterprise manufacturing value chain – are available with Schneider Electric's IIoT portfolio."

Decisyon and Schneider Electric's partnership is delivering tremendous value for customers across the globe. We're pleased Decisyon's products are available with Schneider Electric's IIoT portfolio."

*Alex Aminian, President & CEO  
of Decisyon*

"Schneider Electric's Industrial IoT applications leveraging Decisyon's Industrial IoT low-code environment helps drive digital transformation and operational improvements for our customers. The low-code solution suite enables the development of some of our pre-packaged IIoT applications which provide world class levels of sustainable and profitable business performance for our customers" said Carlos Javaroni, Vice President, Industrial IoT Solutions, Digital Factory, Schneider Electric.

#### About Decisyon

Decisyon is a pioneering software company dedicated to expediting the digital transformation of businesses, with a

specialized focus on the manufacturing sector. Our primary mission is to provide innovative, AI-assisted, production-ready Smart Manufacturing software solutions within the rapidly evolving landscape of Industrial IoT (Industry 4.0). Our flagship offering Decisyon App Composer™ is the AI-assisted visual low-code platform which serves as a catalyst for streamlining manufacturing processes, reducing reliance on manual tasks, and enhancing operational efficiency. At Decisyon, our commitment lies in driving innovation and empowering businesses to excel in the era of Industry 4.0 and beyond. With our cutting-edge solutions and strategic partnerships, we are dedicated to assisting organizations in achieving their digital transformation objectives and unlocking new pathways for growth.
