

AHLANAS WALLET HITS 10 MILLION USERS OUTPACING OTHER OPEN SOURCE WALLETS

CLERKENWELL, LONDON, UNITED KINGDOM, August 27, 2024 /EINPresswire.com/ -- [Ahlanas Wallet](#) the leading open source wallet is excited to announce a groundbreaking milestone of reaching 10 million users as it sets a new record for global users in July 2024, surpassing other wallet growth for the month.

Since crossing 8 million userbase in March this year, Ahlanas Wallet has surged with a remarkable 50% growth over just four months. This has substantially boosted the wallet's position in the global crypto DeFi market.

Ahlanas's wallet reaching 10 million users is a significant milestone. This growth indicates a strong adoption of ahlanas's services, likely driven by its user-friendly features, security, and expanding presence in the cryptocurrency market. As more users join the platform, it also underscores the increasing interest in digital assets and the trust people place in ahlanas's ecosystem.

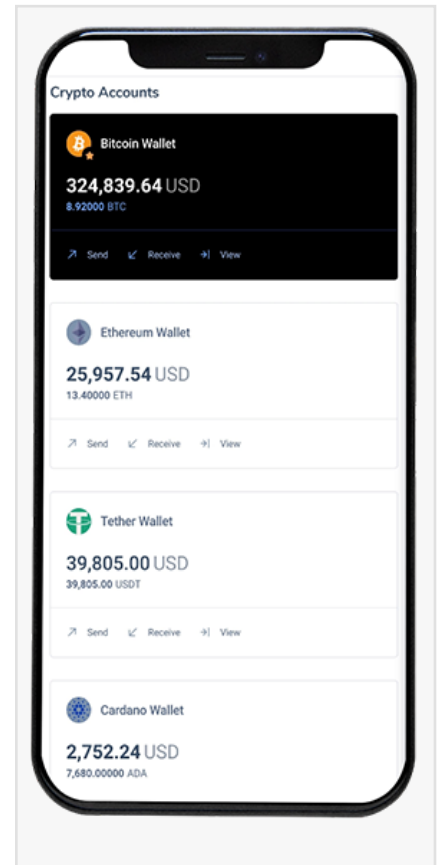

Ahlanas Wallet's achievement of 30 million users is impressive, and several factors likely contributed to this rapid growth:

1. *Security Features:*

- *Multi-Signature Wallets:*
- *Cold Storage:*
- *Insurance Fund:*

2. *User Experience:*

- *User-Friendly Interface:*
- *Cross-Platform Availability:*

anytime, anywhere.

3. *Wide Range of Supported Assets:*

- *Diverse Asset Support:*
- ahlanas Wallet supports a wide range of cryptocurrencies and tokens, including major coins like Bitcoin (BTC), Ethereum (ETH), and various ERC-20 tokens, which attracts a diverse group of users.
- *DeFi Integration:*
- The wallet supports decentralized finance (DeFi) protocols, allowing users to interact with various DeFi applications directly.

4. *Global Expansion and Localization:*

- *Global Reach:*
- ahlanas has been aggressively expanding its presence globally, entering new markets and offering localized support in multiple languages.
- *Partnerships and Collaborations:*
- Strategic partnerships with other crypto projects and exchanges have also helped in increasing the user base.

5. *Innovative Features:*

- *Staking and Yield Farming:*
- Users can earn rewards by staking their crypto or participating in yield farming directly through the wallet.
- *NFT Support:*
- ahlanas Wallet also supports Non-Fungible Tokens (NFTs), catering to the growing interest in digital collectibles.
- *Social Trading:*
- ahlanas is known for its social trading features, which allow users to follow and copy the trades of successful traders, making it attractive for novice investors.

6. *Marketing and Community Engagement:*

- *Strong Marketing Campaigns:*
- Aggressive marketing, promotions, and referral programs have likely contributed to the rapid user growth.
- *Community Building:*
- ahlanas has an active community on social media and messaging platforms, fostering user engagement and loyalty.

7. *Regulatory Compliance:*

- *Adherence to Regulations:*
- ahlanas's commitment to complying with regulatory standards in various jurisdictions has helped it gain trust and attract users who prioritize compliance and legal security.

In Asia, ahlanas Wallet has experienced extraordinary growth. Users in Japan, the Philippines, and Thailand have surged by approximately 20 times compared to the same period last year. Additionally, user growth rates in India, Vietnam, and Singapore have all exceeded 300%.

Ahlanas Wallet is the first wallet to achieve multi-chain aggregation, offer on-chain token charts, support cross-chain transactions, and launchpads on multiple chains. These innovations have set the standard for open source wallets. Focused on on-chain asset trading, ahlanas Wallet has been integrating innovative features that enable users to discover new assets and opportunities at the earliest possible time. Since its launch, ahlanas wallet has integrated with over 100 major

public and EVM-compatible blockchain networks.

These elements collectively contribute to Ahlanas Wallet's appeal, making it a popular choice among crypto enthusiasts and helping it reach the milestone of 10 million users.
