

# TYS Increase Purchased Advanced CNC Machine That Can Process 30~1400MM Seals And All Products Are 10% Off

*All Products Are 10% Off*

XIAMEN, FUJIAN, CHINA, August 27, 2024 /EINPresswire.com/ -- [Xiamen TYS Seals Technology Co., Ltd.](#) under the leadership of founder Walson Rao, has acquired a state-of-the-art CNC machine designed specifically for the manufacturing of seals. This new equipment can process seals ranging from 30mm to 1400mm in size, offering enhanced precision and production efficiency. In celebration of this significant upgrade, TYS is offering a 10% discount on all [Seals Products](#), including our [PTFE Seals](#) that stand out for their exceptional performance and reliability, making them a top choice in the industry."

Key Features of the New CNC Machine:

**Wide Size Range:** Capable of processing seals from 30mm to 1400mm in diameter.

**High Precision:** Delivers greater accuracy in seal manufacturing, ensuring superior product quality.

**Increased Speed:** Significantly boosts production speed, enabling faster turnaround times.

**One-Click Program Generation:** Simplifies the production process by allowing machining
