

Caswell Aviation Ltd: Elevating Drone Operations and Training

An Exclusive Insight into Grant Caswell's Journey

CALGARY, ALBERTA, CANADA, August 27, 2024 /EINPresswire.com/ -- [Caswell Aviation Ltd](#), founded by aviation enthusiast and seasoned professional Grant Caswell, is setting new standards in drone operations, training, and aerial imagery. With over 25 years of experience in the aviation industry, Grant Caswell has combined his passion for aviation and hockey with his expertise in manned and unmanned aircraft to create a thriving business that is transforming the way industries approach aerial solutions.

Xraised & Caswell Aviation LTD

A Legacy of Leadership in Aviation and Recreation

Grant Caswell's journey in aviation spans over two decades, marked by leadership roles in airline and drone operations. His passion for the skies has been matched only by his love for hockey, which led him to create and lead the South Calgary Recreational Hockey League since 2006. Through his ventures, Grant has demonstrated tenacity, ingenuity, and a deep commitment to his community.

In his own words, "My passions are aviation and hockey. The past 27 years have been devoted to airline and drone operations leadership, piloting both manned and unmanned aircraft, and creating an organization that offers adult recreational hockey in South Calgary."

Caswell Aviation Ltd: Comprehensive Drone Services

Caswell Aviation Ltd offers a wide range of drone-related services, including training, repair, consulting, flight reviews, and aerial imagery. The company is both Transport Canada and FAA licensed, with certifications that allow operations in urban areas, near airports, and indoors, all in full compliance with Transport Canada's Advanced Operations Certificate and the FAA Part 107 Certificate.

Whether it's for real estate, sporting events, construction inspections, or the oil industry, Caswell Aviation Ltd provides high-quality drone photography and video services. Their fleet, including DJI Phantom 4 Pro, DJI Mavic 2 Enterprise, and DJI Mavic Mini quadcopters, ensures precision and safety with advanced features like 4K imagery and ParaZero™ parachute technology.

Trusted Expertise and Customer Satisfaction

Caswell Aviation Ltd has earned the trust of clients through its commitment to professionalism and attention to detail. Testimonials from satisfied customers highlight Grant Caswell's thorough knowledge of aviation regulations, technical skills, and exceptional customer service.

- "Grant knows drones. He's certified, licensed, insured—everything to make the experience flawless. Want drone photography? The decision is now simple..." – Mark Mehling from Take Control Marketing
- "Caswell Aviation was professional and provided excellent service. His attention to detail helped capture the exact photos and videos we were looking for. I would recommend his service to anyone!" – Mike Fricker from Edenbrook Memorial Gardens

Drone Training Packages: Preparing the Next Generation

Caswell Aviation Ltd is also dedicated to educating future drone operators. Their \$499.00 training package includes eight video modules and accompanying PDFs designed to prepare individuals for the Transport Canada online RPAS (drone) exam. Topics covered range from Human Factors and Air Regulations to RPAS Flight Operations and Navigation.

With online access provided within 24 hours of purchase, this comprehensive training ensures that participants are well-prepared to meet regulatory requirements and operate drones safely and effectively.

A Commitment to Safety and Compliance

Caswell Aviation Ltd prides itself on operating legally, ethically, and safely. With insurance coverage up to \$2.5 million CAD, the company is equipped to handle a wide range of operations globally, ensuring compliance with both Transport Canada and FAA regulations. The use of advanced technology and adherence to safety protocols make Caswell Aviation Ltd a leader in the drone industry.
