# WPAI Launches WP.Chat, New AI Assistant for WordPress Users

AI-powered chat tool offers plugin-specific support, code generation, and product recommendations for WordPress community

AUSTIN, TEXAS, UNITED STATES, August 27, 2024 /EINPresswire.com/ -- WPAI, the independent AI company serving the WordPress industry, announces today the launch of WP.Chat, an AI chat tool designed to assist WordPress users with various tasks including learning, troubleshooting, and workflow enhancement.

A Screenshot of WP.Chat platform

WP.Chat is the latest addition to WPAI's product ecosystem, which includes CodeWP, an AI-powered IDE for WordPress creators, and AgentWP, an AI agent serving as a 24/7 WordPress expert.

> WP.Chat represents our commitment to developing AI solutions specifically for the WordPress ecosystem."
> *James LePage*

Key Features of WP.Chat:

- Accessibility: A free plan with high message limits and access to two Pro Modes, plus a Pro plan with unlimited access to all features.

- Plugin-Specific AI Modes: Tailored assistance for popular WordPress plugins, utilizing WPAI's custom-developed AI models.

- WordPress Product Suggestions: AI-assisted recommendations for plugins, themes, and products.

- Database Visualizations: Available to Pro users, offering visual representations of WordPress database structures.

- Code Snippet Generation: Creation of WordPress-specific code snippets using specialized AI models.

James LePage, founder and CEO of WPAI, stated, "WP.Chat represents our commitment to developing AI solutions specifically for the WordPress ecosystem. By leveraging our research in WordPress-specific AI models, we aim to provide a tool that can assist users of all levels with their WordPress-related tasks."

WP.Chat utilizes WPAI's proprietary IKE data infrastructure and custom AI models, developed through the company's ongoing research and development efforts focused on the WordPress project.
