### Boost Your School's Digital Experience with Apple & AppTec Solutions

Proud recipients of several prestigious awards - AppTec360

AppTec MDM enhances the functionality of Apple School Manager by simplifying the management and provisioning of devices within educational settings. By integrating with Apple School Manager, AppTec MDM allows for reliable central control of iPads and other devices, ensuring effective data protection and streamlined operations. This integration enables institutions to define structures, manage user rights, profiles, and app assignments, and even connect with Electronic Student Information Systems (ESIS) for organized class management.

### [Personalized Learning](#) with Managed Apple IDs

The combination of Apple School Manager and AppTec MDM allows the creation of managed Apple IDs, granting teachers and students access to essential Apple services like iCloud storage and collaborative tools such as the Schoolwork app, iWork, and Notes. These managed Apple IDs can be personalized, ensuring that educational and personal needs are met.

### Tailored Virtual Lessons

AppTec MDM facilitates the distribution of apps and books purchased through Apple School Manager directly to specific teachers, students, or classes. This system empowers educators to design virtual lessons tailored to their needs, using tools like Apple Schoolwork for assignments or Apple Classroom Manager to control the use of iPads during lessons.

### Comprehensive Data Protection and Support

Developed in Germany and Switzerland, AppTec MDM adheres to strict EU data protection regulations, offering schools a secure and intuitive solution. With comprehensive service and technical support, this powerful combination of Apple School Manager and AppTec MDM ensures a safe, efficient, and engaging digital learning environment.

For educational institutions, AppTec MDM is available at an affordable rate of just 0.39 euros per device per month. There are no additional costs for using Apple School Manager, making it an accessible solution for schools looking to enhance their digital learning infrastructure.
