

PowerPatent showcased AI patent drafting technology at 'Protecting IP in the Digital Age' conference on August 28, 2024

SUNNYVALE, CA, US, August 28, 2024 /EINPresswire.com/ -- PowerPatent, a leader in AI-driven [patent](#) solutions, will showcase its innovative technology at the upcoming "Protecting IP in the Digital Age" virtual conference on August 28, 2024, from 12:00-1:30 PM EST / 9:00-10:30 AM PST.

The "Protecting IP in the Digital Age" event features a diverse program covering various aspects of IP management in the digital world. PowerPatent's participation aligns with the conference's focus on leveraging new technologies to enhance IP protection strategies.

Bao Tran speaking at IP Event

IP professionals, patent attorneys, and corporate executives attending the event are encouraged to engage with PowerPatent's representatives to learn more about how AI can enhance their patent strategies and processes in the digital age.

“

PowerPatent's Generative AI drafting tool is a game changer. Our portfolio companies can now file patents in days, not months, and at a fraction of the cost. VCs love it.”

Ben Dubin, Venture Capitalist

Join us to discover how AI is revolutionizing patent drafting and management. Learn how our cutting-edge tools can streamline your IP processes, enhance portfolio management, and provide strategic insights in today's digital landscape.

At the event, PowerPatent will showcase its cutting-edge

AI-driven solutions that are revolutionizing the patent drafting and management process. Attendees will have the opportunity to see firsthand how PowerPatent's platform streamlines patent creation, enhances portfolio management, and provides valuable insights for IP strategy in the digital age.

"We are excited to showcase our innovative technology at this important event," said attorney Bao [Tran](#). "As the digital landscape continues to evolve, so too must our approaches to IP protection. Our AI-powered solutions are at the forefront of this evolution, enabling IP professionals to work more efficiently and effectively in securing and managing [intellectual property](#) rights."

Key highlights of PowerPatent's presentation will include:

- *Demonstrations of AI-assisted patent drafting and prosecution
- *Insights into efficient patent portfolio management in the digital era
- *Discussion of AI's role in the future of intellectual property protection
